

Posting & Replying in a Discussion Forum

[Discussion Netiquette](#) | [Blackboard Intro to the Discussion Tool](#)

Courses in Learn offer lots of flexibility, so they may be organized differently from one to the next. Ask your instructor if there is supposed to be a class discussion and you cannot find it.

1. Click to enter the **Discussion** area.

2. Click the **Forum** title (ex. "Introductions") to enter. *NOTE – Sometimes you may not be able to see anyone else's posts until you have posted first. Be sure to read the instructions!*

Click to start your post (called a thread in Learn).

3. Click **Create Thread** to start your post.
4. Enter a **Subject**, type the body of your post and click **Submit!**

Create Thread

A Thread is a series of posts related to the same subject. Threads provide an organizational structure within a Forum for users to share posts on similar topics. Creating a thread posts the first message. [More Help](#)
